SUBJECT INDEX FOR NHA ARCHIVES

Category

Section

Subsection

Specialist subjects

1 Basics

1.1 A&P - basics

1.2 behavioral basics

1.3 D&C, D&P basics

1.4 M&T, R&D basics

1.5 Myth busting & information validity

1.501 myth busting

Myth busting - general

Intelligence & IQ

Myth busting – left & right brain

Myth busting - nutrition

Myth busting – sex & gender

1.502 truth hunting

1.6 NH & neuroscience general, basics

2 Lifestyle & Nutrition

2.1 Lifestyle general

2.2 lifestyle – behavior & habits

2.201 computers & internet

2.3 Lifestyle – environment & input

2.301 location

2.302 nurture

2.303 Pollution & toxins

Noise & EMF pollution

Toxic food ingredients & additives

Toxic metals

Toxic plastics

Water pollution & fluoride

2.4 Nutrition – CR, GI, Paleo

2.401 Calorie Restriction (CR)

2.402 Glycemic Index (GI)

2.403 paleo

2.5 Nutrition – facts about foods

2.501 individual foods

Cocoa & chocolate

fish

fruit

honey

nuts

Olive oil

2.502 spices herbs additives

2.503 vitamins & minerals

Omega 3, 6 & 9

Vitamin Bs

Vitamin D

zinc

2.6 Nutrition general

2.601 breastfeeding

2.602 Diets & dieting

2.603 Food chemistry & digestion

2.604 nutrution, health & cognition

Excerpts from human nutrition

Optimum nutrition bible

Understanding human nutrition

2.605 gut bacteria

2.606 junk food

Cereal products

Soda, coke & cola

Soy products

sugar

3 Drugs & Chemicals

3.1 Biochemistry & neurochemistry general

The chemistry of life

3.2 augmentation & exploration

3.201 nootropics

3.202 psychedelics & hallucinogens

LSD

psilocybin

Salvia divinorum

3.3 Endogenous chemicals

3.301 hormones

androgens

cholesterol

estrogens

insulin

3.302 Neurotransmitters

acetylcholine

BDNF

cortisol

dopamine

endocannabinoids

endorphins

GABA

glutamate

melatonin

norepinephrine

oxytocin

serotonin

3.303 pheromones

3.4 Natural introduced chemicals

3.401 Alcohol

3.402 caffeine, tea & coffee

Tea & coffee

3.403 cocaine

3.404 lithium

3.405 marijuana & cannabis

3.406 tobacco & Nicotine

3.407 medicinal herbal

3.5 Synthetic introduced chemicals

3.501 Amphetamines

3.502 anesthetics

3.503 antibiotics

3.504 Antidepressants

3.505 antipsychotics

3.506 botox

3.507 DMT

3.508 MDMA/ecstasy

3.509 painkillers

codeine

3.510 sleep medication

3.511 vaccination

3.6 Drugs research general

Guide to prescription medicines

MIMS

4 Research & development

4.1 A&P, networks, physical

4.101 A&P general

Axons & white matter

BBB

Human biology & neurology

Individual brain areas

Neurons glia & astrocytes

4.102 Brain mapping & connectome

Connectome mapping, contenders

Wiring & signaling

4.103 genes & DNA

DNA RNA

Genes & genetics

4.104 networks

Anatomical networks

Functional networks

4.105 Perception & Senses

aesthetics

audio-visual

balance

Color perception

Face recognition & face processing

hearing

Interoception ANS

Near death experiences (NDEs)

Objects, size & shape

Perception & senses general

Perceptual illusions, deja vu & OOBEs

Proprioception & kinesthesia

smell

subliminals

taste

Timing & rhythm

touch, temperature, pain

vision

4.106 structure & function, neural correlates

s&f behavior

s&f belief, decisions & judgment

s&f consciousness & self awareness

s&f creativity & play

s&f emotion

s&f executive functions

s&f general

s&f hemispheric specialization

s&f Imagination & intuition

s&f intellect

s&f language, analogization metaphorization

s&f memory & learning

s&f morality & ethics

s&f personality, attitude

s&f planning, strategy, adaptation

s&f Self control

s&f senses

Synaptic self

4.2 behavioral

4.200 behavioral science general

Behavior general

Behavior & infection

Body language

habits

multitasking

Risk taking

4.201 tool use, dexterity

4.202 motion, navigation & spatial skills

motion

navigation

Spatial skills

4.203 sleep & dreaming

daydreaming

dreaming

Sleep & chemistry

Sleep & genes

Sleep duration

Sleep general

Sleep memory & learning

4.204 cultural skills & cooperation

Communication

cooperation

4.205 individual behaviors

Appetite & eating

crying

gossip

Itching & scratching

Sex & sensuality

swearing

yawning

4.206 motivation, drives, instincts

Drives, instincts

4.207 nurturing & care

4.3 Emotion, interaction, attitude

4.301 attitude

4.302 bonding

4.303 Emotion & sentiment

Amiability & friendliness

Arrogance & hubris

awe

Comfort, disgust, repulsion

Desire, attraction, alarm, surprise,

Doubt & certainty, confidence

Emotional intelligence excerpts

Gravity & levity

happiness

Love, joy, bliss

Sorrow & grief

4.304 empathy

4.305 interaction & relationships

4.4 Psychology & processing

4.400 psychology & processing general

Biopsychology 1 & 2

4.401 association & congruity

Association & archetypes

4.402 imagination

Imagination eidetics & archetypes

Imagination empathy & modeling

Imagination memory

Imagination perception

Imagination prediction

4.403 inner model

4.404 intuition & unconscious knowledge

4.405 language, analogy & metaphor

Metaphors we live by

Philosophy in the flesh

The uses of enchantment

4.406 Learning

Learning & memory

Learning & physiology

Natural learning

4.407 memory

Declarative memory

Eidetic memory

False memories

In search of memory

Автор: NHA
12.01.2017 11:32 -

LTP & long term memory

Memory general

Memory, defragging

Procedural memory

Sensorimotor memory

Short term memory & RAM

Spatial memory

The making of memory

Working memory

4.408 modeling

4.409 prediction

4.410 synesthesia

4.411 time, sync & brainwaves

brainwaves

Circadian rhythms

sync

Time perception

4.412 embodiment & context

4.413 creativity & play

Music dancing art maths

4.414 growth & protection modes

4.5 Cognitive, self awareness, autonomy, attention

4.501 attention

4.502 autonomy & free will

4.503 consciousness

4.504 decisions & judgment

Feedback & assessment

4.505 intellect

Computation & calculation

Literacy, reading, writing

4.506 morality

4.507 placebo & belief

4.508 self awareness, personality

4.509 self esteem, confidence

4.510 self control

4.511 strategy & planning

4.512 problem solving

4.513 reflexivity

4.6 Plasticity & epigenetics

4.601 epigenetics

Epigenetics & memory

Epigenetics transcription

proteomics

resilience

Use it in the right way or lose it

4.602 plasticity

5 Resources & assessment

5.1 Hardware, tech, herbs etc

5.2 self assessment, tests & diagnostics

5.3 fiction, games, plays

STILL UNDER CONSTRUCTION

5.4 practical, Hacks & exercises, DIY

5.401 H&E

5.5 Non fiction Books & info

Star trek on the brain

TE watch

World map info

5.6 Open source, software, free courses etc

Audiostrobe flasher

6 entelechy

6.1 emergence

emergence

Figments of reality

The collapse of chaos

6.2 Evolutionary psychology, mind & brain

6.3 brain & physical development

6.301 development & genes

6.302 development brain

6.303 development wiring & signaling

6.304 development neurons

6.305 development senses & perception

6.4 spirituality

6.5 mind & intelligence development

6.500 intelligence development general

Magical child

6.501 pregnancy

6.502 development & birth

6.503 childhood

6.504 development adolescence

6.505 development maturity

6.506 longevity

6.507 development & epigenetics

6.508 development & sleep

6.509 development language & speech

6.510 development spatial abilities

6.511 development emotion empathy

6.512 development memory

6.513 development, creativity & play

6.514 development consciousness

6.515 development calculation & computation

6.6 entelechy

7 Disorders & problems

7.1 Sensory, physical, physiological

7.101 aging

7.102 brain injury & stroke

7.103 chronic fatigue syndrome

7.104 diabetes, metabolic syndrome, obesity

7.105 infection

Toxoplasma gondii

7.106 migraine

7.107 pain

7.108 parkinsons

7.109 senses & perception problems

7.110 inflammation

BMA family health guide

7.2 Habits & behavioral problems

7.201 abuse & wronguse

Coercion, school & work

Development & TV

Incongruity & counterfeit games

nonuse

7.202 addiction

7.203 ADHD

7.204 Aggression

7.205 eating disorders

7.206 lying & confabulation

7.207 OCD

7.208 prejudice, bias, superstition

7.209 sleep disorders

7.210 sleep deprivation

7.3 Emotional & interaction problems

7.301 bipolar affective disorder (BAD)

7.302 depression

7.303 paranoia

7.304 personality disorders

7.305 PTSD

7.306 SAD

7.307 sexually related

7.4 Processing & psychological problems

7.401 blindsight

7.402 dyslexia

7.403 phobias

7.404 psychopathy

7.405 schizophrenia

7.406 tourettes

7.407 prosopagnosia

7.408 amusia, tone deafness

7.409 speech disorders

7.410 delusion & hallucination

7.411 cognitive dissonance & inner voice

7.412 MPD multiple personalities

7.5 Cognitive decline or development problems

7.501 Alzheimers & dementia

7.502 Autism

ASD causative

ASD genetics & epigenetics

ASD indicators

ASD methods & tech, treatments

7.503 memory problems

False memories

7.504 developmental problems

7.6 Anxiety & mental health general

7.601 Anxiety

8 Methods

8.1 Physical & physiological

8.101 physical, surgery, genes, stem cells

Genetic therapy

Stem cells

surgery

8.102 light therapy

8.103 biofeedback & neurofeedback

8.104 hormesis

8.105 cloning

8.106 drug delivery

8.107 EMDR

8.2 Behavioral

8.201 therapeutic creativity

Music therapy

8.202 exercise, touch, breathing

yoga

8.203 output control

8.3 Humanistic; core counseling, input control

8.301 carl rogers, core conditions, humanistic psychology

8.302 co counseling

8.303 epigenetics & input control

IC behavior

IC for D&P

IC senses

IC surroundings

IC tech

IC things to avoid

8.304 stories & fantasy

8.305 interactional analysis

8.4 Psychological

8.401 gaming

8.402 hypnosis & suggestion

8.403 sleep & dream work

8.404 meditation & mindfulness

8.5 Cognitive & diagnostics

8.501 brain training & skills training

8.502 CBT

8.503 NLP

8.504 psychiatry

8.505 discourse analysis & talk therapy

8.6 methods general

9 Tech

9.1 mind machines

9.101 brain tuner BT7

9.102 emotiv

9.103 LENS

9.104 Proteus

9.105 Thoughtstream

9.2 for augmentation & exploration

9.201 AI

9.202 BCI & Monkey moves cursor

9.203 brain music

9.204 neurofeedback games

9.205 uploading

9.206 VR

9.207 lucid dream tech

9.3 for repair & prevention

9.301 brain trainers

9.302 CES & FES

9.303 implants & bionics

Auditory tech

Brain tech

DBS

Limbs, PNS & tactile tech

Visual tech

9.304 light & sound

ultrasound

9.4 for diagnostics, assessment, testing

9.401 EEG

9.402 imaging

MRI, fMRI, DTI, MEG

optogenetics

9.403 lie detection

9.404 TMS NMS & TDCS

tDCS

TMS

9.5 tech general

9.501 cryonics
